How to complete your application

After you log in to your account, click on the [Create a New Application](#) link. You will then be asked for a School Code and School Password. This information should have been provided by the school you are applying to. If you have already started an application, click on the [Edit](#) link on the right side of the page after you log in.

You must complete the application sections in the order they are listed on the left side of the page.

A green filled circle  means that the section is open and ready for you to read or enter information. Once you have clicked on the "Section Complete" checkbox at the bottom of a section and then clicked on the Save button, a green filled circle with a check mark  means that you have completed that section, but it is still available if you need to go back and change any information. A red filled circle  means that the section is not yet available.

At the top of every section of the application, you will see a green box. As you tab through the fields in the section of application you are currently on, you will see help displayed for the field you are currently on.

Please do not use the "back" button on your browser. If you need to go back, click on the section link on the left side of the page.

Use your mouse or the tab key to move from field to field. You can click the Save button at the bottom of the page to Save your progress on the Section you are currently working on. When you are done with a section, click the Section Complete checkbox at the bottom of the page & then click on the Save button.
